Fedko Emergency Physicians, LLC, is a privately-owned for-profit corporation with over 35 years of industry leadership experience in providing emergency department management and staffing. The company was founded in 2016 to provide a better option for hospitals in managing and staffing emergency rooms and hospitalist' programs. The goal is not to be a large staffing firm but to provide a concentration of high-quality physicians to a select group of locations. We are the next generation in managing and staffing Emergency Rooms/Hospitalist Groups.

#### 2. Expertise:

Our extensive experience is derived from the years of working clinically in the emergency department and years of administrative responsibilities in the Executive Suite. We not only understand the intricate details of running an emergency department but see the bigger picture and responsibilities of hospital administration. The CEO sets the culture and accountability at each location by working clinically side-by-side with each provider. This is what separates us from other management/staffing groups in the industry.

#### 3. Locations:

We provide full management/staffing and locum coverage in Arizona, New Mexico, Minnesota, Wisconsin, Indiana, and Illinois. Seeing over 125,000 patients annually.
